

RIFLE CLUB MAY NOT GET RIFLES

Deming Club Refused Guns
"Because of Unsettled
Condition on Border."

Will El Paso's three newly formed rifle clubs be able to get their rifles from the government?

Rifle clubs at Deming, Bisbee, Phoenix and other points along the border which have been formed to teach the young men how to shoot, and formed under the auspices of the American Rifle Association, have been notified that the war department will not issue rifles to anyone on the border at the present time because of the unsettled conditions on the Mexican border.

Secretary's Order.
L. Clem Barnes, secretary-treasurer of the Deming Rifle club, has received a communication from the war department refusing the request for the rifles asked for by the club to equip its members.

This message reads as follows:
"Owing to the unsettled condition on the Mexican border, the secretary of war has decided that it would be inadvisable to place arms in the possession of bodies of men other than those under the severest discipline. The within requisition cannot, therefore, be approved at this time. This suspension, however, is temporary and if the situation is again submitted after conditions on the border shall have become normal, it will be doubtless approved."

MEDICAL CORPS DETAILS
FEATURE THE ARMY ORDERS

The following army orders have been issued:
Capt. J. D. Pitts, medical corps, is designated to conduct a correspondence course for medical officers of the organized militia in Texas, Louisiana, Arkansas and Oklahoma.

Maj. J. B. Clayton and Capt. H. O. Humphreys, medical corps, are relieved from duty in connection with organized militia.

First Lieut. Edward Howdle, medical reserve corps, is ordered to active duty and will proceed to Fort Ontario for temporary duty.

Leaves of absence: Capt. W. P. Brown, infantry, two months; Capt. Sherrard Coleman, fourth cavalry, two months; Capt. R. J. Hatch, coast artillery, corps, one month; First Lieut. G. F. Roscoe, 25th infantry, two months; Maj. A. A. Fries, corps of engineers, extended 15 days; Second Lieut. Thos. Carmon, 25th infantry, two months.

I Do Not Pay Commissions

GREATER ARMY
BILL IS RUSHED

Senate Measure Creating
Peace Army of Million
Men Goes to House.

Washington, D. C., April 19.—The army reorganization bill, passed by the senate last night, went to the house today, where a conference must be held for on the measure.

The bill is a collection of the war bill passed by the house and would produce regular and reserve forces in the United States aggregating 1,000,000 men.

The senate had hastened completion of the bill amid scenes of excitement, repeatedly rejecting all amendments tending to reduce the proposed strengthening of the army.

In the closing hours of debate the senate made provision for a regular standing army with a peace strength of 250,000 men, as compared with 140,000 in the war bill, which passed the house, and retained, after a close fight, the plan for a federal volunteer army reserve force calculated to aggregate 250,000 men and federalized the national guard forces of the states to a strength of 250,000 men.

Peace Army Exceeding Million.
In addition to this combined regular and reserve force of 500,000 men, an amendment was adopted to create school and college youth reserve corps in time of war or threatened war, which would recruit a force of trained young men, schooled by officers of the regular army, the estimated strength of which is estimated anywhere from 200,000 to 400,000.

"We are creating a peace army of a million men," declared senator May in supporting an amendment of senator Reed to make the regular army 250,000. The senate had agreed previously to a vote of 43 to 27, to an amendment by senator Brandegee, increasing it from the proposed strength of 150,000 to 250,000. The 150,000 reduction proposal was rejected, 42 to 25, after a brief speech by senator Williams.

Seriously Threatened, Says Williams.
"Are we or are we not threatened with war?" asked senator Williams.

"If the army cannot exceed a certain number except in a state of threatened war, we are now in a state of threatened war if the president of the United States thinks so. For myself I think we are pretty seriously threatened with international difficulties, both from the east and the south."

New Features in Bill.
Important provisions of the senate bill, not in the house measure, include the following:

Appropriation of \$15,000,000 for construction of government plants for production of nitrate to be used in manufacture of ammunition.
A provision for conditional education of enlisted men of the regular army, compelling instructions either in agriculture or the mechanical arts.

Creation of a national guard section on the general staff of the army and requiring all officers and enlisted men of the national guard to submit to an oath to support the United States as well as the respective states.

Provision for federal protection of all national guard officers above the rank of captain.

One feature of the senate bill that was its most ardent champion, four may be sacrificed in the legislative committee comprises the volunteer army reserve force, but that event they confidently expect that the school reserve will be retained as a substitute.

Reserve Force of College Youths.
An amendment adopted would create a reserve regular army force in time of war to be composed of school and college youths and to provide a means of recruiting the proposed volunteer army force. The proposal, submitted by senator Hardwick, was agreed to, 54 to 24.

The senate agreed to an amendment reducing the proposed term of enlistment in the regular army from seven to five years and the proposed term to the colors from four to two, thus giving each enlisted man three years in the regular reserves.

Senator Cummins's amendment to increase the number of officers in the ordnance department to 120, instead of the 85, at present, or 100 provided for in the bill, was defeated, as was the Hitchcock amendment to fix the number of officers on the general staff at 22, instead of at 23, as at present, or 27 as provided in the bill.

An amendment by senator Reed prohibiting enlisted men from leaving their position to engage in any civil suit was passed.

Upon motion of senator Thompson, an amendment was adopted making it a criminal offense for civilians, with certain exceptions, to wear an army uniform, or to refuse admission to places of public entertainment to enlisted men in uniform.

Another amendment adopted would require generals of the national guard to be residents of the state or territory in which they are appointed.

**GIVEN FIVE DAYS IN JAIL
TO DECIDE TO LEAVE CITY**
Given the alternative of 25 days in jail or a hasty departure from the city, two men arrested by city detectives on vagrancy charges Tuesday morning, left the city two hours after being arraigned before alderman J. B. Stevens, judge pro tem of the corporation court Tuesday afternoon.

A. L. Allen, who is said to be addicted to the morphine habit, was sentenced to serve five days in the city jail by alderman Stevens, during which time he was requested to make up his mind whether to leave the city or not.

Alexandry Biazar, arrested on a charge of vagrancy, drew a small fine from alderman Stevens, following the testimony of patrolman Malone, that the defendant had been picked up with a large quantity of nickels in his possession. Several other Mexican and American vagrants arraigned for trial were released after being carried by alderman Stevens that if they were taken into custody again they would be sentenced to serve out heavy fines on the municipal roster.

Recorder Paul Thomas left the city Tuesday afternoon on legal business and will be gone for several days. In his absence alderman Stevens will conduct the affairs of court.

**BURNED WHEN COAL DUST
EXPLODES; SUES FOR \$50,000**
Henry Portland has sued the Southwestern Portland Cement Co. for \$50,000 for personal injuries he claims to have sustained while employed at the cement plant when coal dust exploded on December 15.

He was working in the kiln room when the coal dust exploded and he alleges that he was burned so badly as was permanently injured.

COLLECTING FUNDS
TO AID POLAND

MRS. HELENA PADEREWSKI.

New York, April 19.—Today is Poland day. Throughout the United States thousands of volunteer collectors are asking contributions to assist in relieving the suffering millions of war-racked Poland.

The work is under the direction of Mrs. Helena Paderewski, wife of the noted pianist, Ignace Paderewski, who has devoted a large part of his private fortune and much of his time to the relief of his fellow countrymen.

14 SOUTH DAKOTA TOWNS
VOTE INTO DRY COLUMN

Sioux Falls, S. D., April 19.—The cause of prohibition in South Dakota gained great impetus as a result of Tuesday's municipal elections. According to latest returns received today, 14 cities and towns went from the wet to the dry column, while no dry towns voted back the saloons.

Be Careful in Using
Soap on Your Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulified coconut oil, for this is pure and entirely greaseless. It's very cheap, and bends the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Advertisement.

TO END CATARRHAL
DEAFNESS AND
HEAD NOISES

If you have Catarrhal Deafness or head noises go to your drugist and get 1 ounce of Parmint (double strength), and add to it 1/2 pint of hot water and 4 ounces of granulated sugar. Take 1 teaspoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial.—Adv.
